

Assessment - Component 2

Assignment

Look at a smart city initiative / programme for a city of your choice (see Moodle for shortlist and links). You are welcome to use the same city as you used for Component 1.

a) Select and describe **one** example of a social or economic challenge – related to new technology – that is set out in the initiative. **b)** In what ways and to which extent do you think the strategy addresses this challenge? Discuss strengths and limitations, including gaps in the strategy.

Word limit

The length of the proposal should not exceed 1000 words excluding title and references. Penalties for over-length apply in accordance with UCL regulations.

Deadline

24 March 2023, 5pm.

Submissions

Please submit on Moodle > Course work. Late submission will be subject to the standard penalties, according to UCL regulations.

- Please use given Word template / Latex with default settings for 'article'.
- Please add a word count at the top of your document.
